

We deliver bike box and padding to your accommdation

How to pack

1. Take off the wheels

2. Take off the pedals if you need

You may be able to put the bike in the box with the pedals on.

Put the padding around the frame

3. Take off the saddle

Or you can just slide the saddle down lower to fit in the box.

4. Protect the fragile parts with the padding

Put the padding around derailleur

Put the padding around chain ring

Put the padding around front fork

Put the padding around brakes

5. Put the bike in the box upside down

Put the padding to protect the bike and the box

5. Put the wheels in the open space

Use the cardboard as padding

Use the cardboard as padding

Put more padding
